

THE
NATIONAL
CHILDREN'S CHOIR
of GREAT BRITAIN

Re:Sound

A programme of free workshops for children and young people in school years 5 to 8.

Your children will work with National Children's Choir conductors, learning new songs in an engaging, high energy workshop of singing games, warm-ups, and traditional and contemporary part songs, in harmony.

With an emphasis on inclusion, these fun musical activities will help develop teamwork, improvisation and vocal technique, with the opportunity to find out more about the National Children's Choir of Great Britain.

We offer half-day, or full day workshops during the school day.

OUR WORKSHOP LEADERS

Suzzie and Stuart are both highly inspirational vocal teachers and musicians, who have a wealth of experience in nurturing young singers.

“It was accessible to all, and pupils were able to achieve. All children were actively involved from start to finish”
(Reception teacher).

“The workshop was outstanding! It covered a lot of the Expressive Arts curriculum.”*(Year 2 teacher).*

“The method of encouraging decision making was excellent – I can see so many other life skills developing through this; ideas that run far deeper than purely singing.”

“It was a truly inspirational experience for us all.”
